*Breathe Better, Hear Better, Sleep Better*

### Why I Joined IPPI:

To help and learn from and professionally network with other independent physicians and providers for the ultimate benefit of our patients.

### What I want peers to know about our practice:

- Our mission statement: To help each patient breathe better, hear better, and sleep better with life-changing results.
- Every decision we make is based on answering one questions: What is best for our patient?
- We feel that staying independent is what is best for our patients.
- One stop shop, offering needed services for our patients helps achieve a more accurate, timely diagnosis, saving the patient time and costs.
- Founded in 1959 by Dr. Tawfik Girgis.

### Type of doctor I'd like to refer to:

The best person to take care of the patient's particular needs regardless of their institutional affiliation.

- Prefer to refer to other independent practices who have the same philosophy.

### Preferred way to get referrals:

Main Telephone: (630) 323-5214, Option 0
